

MVB25 Womens Ivy Tunic

Designed with a modern mock-wrap front, this women's nursing tunic features princess seams with pockets integrated into the seam for a streamlined fit. A double lower front pocket sits on the left side, complemented by a single pocket on the right. Three reinforced ID loops - one on the right shoulder and two positioned above the lower hip pockets - provide secure attachment for ID badges and essential accessories. A back yoke with pleats allows for ease of movement and all - day comfort in high-demand working environments. Contrast-coloured binding trims the neckline and sleeve edges, adding a refined finish.

PRODUCT DETAILS:

- Contemporary mock-wrap front
- Princess seams with discreet, integrated pockets
- Practical pocket layout with a double pocket on the left and a single pocket on the right
- Back yoke with pleats
- Side splits at the hem
